D. PRICING YOUR ITEMS:

Twice Blessed wants you to have a successful, profitable sale. We suggest you use these pricing tips we have learned over the years. Remember, there are other sellers competing for sales, presentation and pricing can make all the difference!

- **We suggest to price items at 1/3 of what the item can be purchased as new.**
- We highly recommend that you opt YES, to **reduce prices 50% on Saturday.**
- Prices must be in 50¢ increments

TIP: We have found clothing items priced \$5 or less and/or clothing put together as complete outfits sell very quickly.

E. PREPARING YOUR ITEMS:

INVENTORY SHEET & TAGS: EVERYTHING MUST BE DONE ONLINE!

- Go to www.twiceblessedsale.org to register as a seller. You can return at any time to create/edit your inventory or print your tags. ****The system will close at Midnight, the Saturday before the sale. After that, no changes can be made.****
- **Item Description:** Make it DETAILED If your item loses its tag, we try to match your item back to your list. (Ex: Instead of "shirt" write "Green shirt w/ dragon print." Or instead of "book," include a portion of the book's title.)
- **For clothing sizes/categories:** When the size isn't marked on your clothing, make your best guess. Be sure to select the correct category or it may be racked incorrectly and won't sell.
- **Half Price Day: CLICK ON THE BOX NEXT TO "CHECK TO DISCOUNT" FOR EACH ITEM TO BE REDUCED.** If you do not click this, your item will not be reduced and can only be sold at full price.
- **Donations:** Checkmark the box next to the word "Donate" for each item you wish to donate if it does not sell. Be careful to not checkmark items you want back. All items marked "Donate" are given to a local charity directly after the sale closes.

CLOTHES – ALL CLOTHING ITEMS MUST BE ON HANGERS – SEE DIAGRAM BELOW

- **Launder and sort** your clothes. Iron them if necessary – *The nicer they look, the better they sell!*
- **All shirts, pants, shorts, need to be on hangers.** Secure pants to top of hanger, within a few inches of the hook with large safety pins, so they don't slide. Please, no FLIMSY plastic hangers on items larger than 2T (*they break w/ bigger items on the rack*).
- **Multiple pieces:** On outfits with more than one piece, safety pin all items together so they do not get separated. On top & bottom outfits, safety pin pants/skirts on the **hanger, outside** of the back of the shirt, not under..
- **Tagging your clothes:** Safety pin tags to the **SHOULDER** of garment, or **PANT LEG**, SEE ILLUSTRATIONS BELOW, (****Raincoats:** Attach tags with clear packing tape. Don't make holes with safety pins.**)
- Hanger hook should be turned away from the tag (as shown) so tags are easily visible when customers are sifting through a rack.
As you are hanging your clothes, think of a question mark (?) That's the direction the hook should be open to.

WHEN YOU ARE FINISHED WITH YOUR HANGER ITEM, IT SHOULD LOOK LIKE THE DRAWING ABOVE.

Clothing items prepared incorrectly will have to be corrected before we can accept them.

LARGE ITEMS:

- Clean all items, then secure tags in a clearly visible spot on the item using packing tape, or safety pin if there's fabric.
- If there are small pieces with a large item, place them in a Ziploc bag and secure the bag to the large item using packing tape – please no scotch tape!

Toy Tips: Write on the tag that the toys or game is complete.
**PLEASE MAKE SURE ALL
PIECES ARE INCLUDED AND
THE TOY IS IN GOOD
WORKING CONDITION.**
